

MAK 4T ZIPP

Description

MAK 4T ZIPP is blended with superior quality hydro processed base oil and an advanced formulation technology. This technology also brings superior engine cleanliness and smoother clutch performance, leading to better ride comfort. This oil ensures quick start and rapid acceleration. This oil has potential to reduce fuel consumption through oil viscometry. This oil has better control over deposit formation even at extreme operating conditions.

Application

MAK 4T ZIPP is recommended for latest generation 4 stroke motorcycles & scooters. This oil is also suitable for earlier models of 4 stroke motorcycles, scooters.

Benefits

- quick start and smooth acceleration
- Smooth clutch operation
- Gear protection
- Ensure Cleaner Engine
- Longer life oil
- Smooth engine running in all climatic conditions
- Potential to reduce fuel consumption through oil viscometry

Performance Level

- API SL
- JASO MA2
- SAE 10W30

Technical Specifications

Characteristics	Test Method	MAK 4T ZIPP 10W-30
Appearance	-	Clear
Colour, Visual	-	Brown
K.V.@100 deg C, cSt	D-445	10.5
Viscosity Index	D-2270	130
Flash Point(COC), deg C	D-92	232
Pour Point, deg C	D-97	-27
Copper Corrosion@ 100 deg C for 3 Hrs.	D-130	1a

All the mentioned values are typical which may vary from batch to batch.

Storage and Handling

- Indoor Storage is always preferable.
- Barrels should be kept horizontally with bunk position at 3 O'clock 9 O'clock position.
- Barrels should be kept away from dusty or heated areas.
- During handling any contact with dust must be avoided.

Health & Safety

This grade is not hazardous under normal conditions of use. For further guidance Material Safety Data Sheet (MSDS) may be referred.

Advice

For any further advice on applications or otherwise, please contact the nearest Bharat Petroleum territory office or Technical Services department at the address given below.
